#### 1. INTRODUCTION

### 1.1 Rationale

Family Nursing & Home Care (FNHC) recognises that staff working outside of 'normal office hours' (see glossary section for definition) may require access to managerial support and guidance. Therefore, it has put in place an 'on-call' system so staff have 24-hour access to a senior member of staff should a situation occur that they are unable to respond to themselves or require advice in advance of their response.

## 1.2 Scope

This policy applies to all staff involved in supporting and using the On-Call Manager role. This includes staff from 'commissioned services' working outside of 'normal office hours' and staff from the Quality and Governance and Corporate Divisions. Home Care staff have separate access to a Manager/Senior Health Care Assistant on-call for that service, however the On-Call Manager is also available to the staff member undertaking those on-call duties.

## 1.3 Role and Responsibilities

## **Chief Executive Officer (CEO)**

The CEO is responsible for:

- ensuring that there are systems in place to support staff working outside of 'normal office hours'
- making funding available for an On-Call Manager system

## **On-Call Managers**

The On-Call Managers are responsible for:

- developing and maintaining an on-call rota
- being available/accessible when scheduled to be on-call
- responding to contacts within agreed timeframes
- supporting the continuity of service delivery and the management of risk
- supporting/facilitating safe lone-working

#### **Senior Clinical Staff**

Senior clinical staff on duty out of 'normal office hours' are responsible for:

- managing and co-ordinating staff to maintain optimal service provision
- being first in line to deal with issues raised by staff on duty
- maintaining access to the On-Call Manager mobile telephone number at all times
- escalating appropriately to the On-Call Manager (see examples in section 3.1)

#### Staff

All staff on duty outside of 'normal office hours' are responsible for:

 escalating appropriately to the Senior Clinician on duty or On-Call Manager where this is appropriate

- being aware that there is always a Manager on-call and how they can be contacted
- following their team's/service's lone-worker safety plan
- making their next of kin/emergency contact aware of how to contact the Manager on-call as part of their lone-worker safety plan
- ensuring that the Human Resources department always has their up to date address, contact information and next of kin details/contact

#### The Hub

The Hub is responsible for:

- developing and maintaining a weekly list of staff working outside of 'normal office hours'
- sending the list to the On-Call Manager email, Hospital Switchboard, Jersey Hospice Care and relevant clinicians on duty including Home Care
- updating the list with any changes and informing recipients of these changes

## **Human Resources (HR) Department**

The HR Department is responsible for:

emailing the updated 'staff details list' to the On-Call Manager email monthly

#### 2. POLICY

There needs to be an On-Call Manager whenever staff are working outside of 'normal office hours' (see Glossary).

Wherever possible, foreseeable problems/issues should be addressed by services during 'normal office hours' and not left to the On-Call Manager who will have limited support or access to staff/services available to them.

Services/departments should advise the On-Call Manager of any known, potential issues that may occur and plans to address them should they materialise out of 'normal office hours'.

The service provided by the On-Call Manager is not an emergency service (see 2.3 response times).

Staff should access and follow local policies and procedures – the On-Call Manager should not be used as a source of information that could be accessed by staff via the Procedural Document Library.

Staff should telephone the On-Call Manager and not send a text unless text messaging has been agreed with that Manager.

## 2.1 Pre-requisite for an On-Call Manager

Anyone acting in the capacity of an On-Call Manager should be a Registered Nurse and employed in a senior capacity within Family Nursing & Home Care.

They should have a good working knowledge of the services operating out of 'normal office hours' and of the organisation's policies and procedures.

The On-Call Manager should have access to transport at all times, in case required to attend premises, incidents or assist staff in crisis.

## 2.2 Equipment & Resources

Family Nursing & Home Care will provide the On-Call Manager with a dedicated mobile telephone that will be passed between the On-Call Managers. This will maintain the continuity of the telephone number.

A dedicated 'On-Call Manager' email will be available and accessible via the On-Call Manager mobile telephone.

Useful information will be available to the on-call manager via a series of emails. This will include, but is not limited to, relevant contacts, premises access details and contact information relating to staff.

### 2.3 Response Times

The On-Call Manager service is not an emergency response service. Where urgent assistance is required, the appropriate emergency service should be called in the first instance and the On-Call Manager informed as soon as it is possible to do so.

If unable to answer the on-call mobile telephone, the On-Call Manager should respond to voicemail messages within 1 hour. Non-urgent attendance at premises should be within 2 hours.

#### 3. PROCEDURE

## 3.1 Escalation to the On-Call Manager

Out of 'normal office hours', staff should escalate issues, in the first instance, to their line manager for that shift. N.B. for some staff e.g. Health Care Assistants working on children's care packages, the On-Call Manager will be their only point of contact for non-clinical issues.

Senior clinical staff on duty should contact the On-Call Manager for advice or support when situations arise that they are unsure or concerned about. They should escalate any incidents or issues of concern.

The list below offers some examples of appropriate issues to escalate. This list is not exhaustive but includes:

- safeguarding concerns
- staff safety issues
- patient safety issues
- premises issues
- staffing issues that the teams are unable to address without support
- clinical issues causing concern or uncertainty NB. the On Call Manager will generally not be able to offer specific clinical advice, rather they will provide guidance, support and challenge to help manage risk and promote patient safety
- when a member of staff is required to give a statement to the Police the On-Call Manager should accompany them when the statement is being given

## 3.2 Escalation by the On-Call Manager

The On-Call Manager should use their discretion to decide when to contact the Chief Executive Officer &/or Director of Governance, Regulation and Care. Examples of when this might be appropriate include:

- staff member badly injured during working hours
- a major incident being declared requiring input from Family Nursing & Home Care
- significant issues affecting business continuity e.g. premises rendered unusable
- becoming unwell or injuring themselves whilst holding the on call phone

The On-Call Manager will have access to the personal contact details of the Chief Executive Officer and the Director of Governance, Regulation and Care.

#### 3.3 Remuneration

On-Call Managers will receive a standard monthly payment for the time they are on-call. Additional hours worked ('call out') when on call will not be paid and no time should be taken in lieu. However, see section 3.6 regarding working more a 1 in 5 rota to cover absence.

On call payments will cease at the start of any sickness absence in line with other allowances.

#### 3.4 Rotas

An On-Call Manager work rota will be maintained electronically on the on-call email calendar. As On-Call Managers are paid a set sum monthly, all On-Call Managers will be required to undertake an equal share of on call sessions and public holidays. On Call Managers are required to work a 1 in 5 rota, for example, one week every five weeks.

The Hub will inform the On Call Manager of relevant staff working out of normal office hours; this will include contact numbers for such staff. They will also advise where changes are made to the staff rostered on duty.

## 3.5 Overnight Calls Disturbing Sleep

If an On-Call Manager has had a disturbed night e.g. several calls overnight or being awake for a prolonged period, they may need to adjust their scheduled working hours the following day. Cover from colleagues may need to be found where work cannot be re-scheduled.

On-Call Managers need to be mindful of the requirements around maximum working hours as set out in pages 16 and 17 of the Jersey Care Commission Home Care Standards <a href="https://carecommission.je/wp-content/uploads/2019/02/JCC-Care-Standards-Home-Care-2019-v1..pdf">https://carecommission.je/wp-content/uploads/2019/02/JCC-Care-Standards-Home-Care-2019-v1..pdf</a>.

### 3.6 Sickness Absence

The On-Call Manager should alert their Line Manager (or CEO/Director of Governance, Regulation and Care if outside of normal office hours) if they are sick and therefore unable to fulfil their rostered session. The Line Manager or On-Call Manager (if able) should inform the remaining On-Call Managers who will agree cover.

The remaining On-Call Managers will then be required to work extra on call shifts. Where this happens, the covering On-Call Manager/s will need to submit a time sheet to claim for this extra time worked.

The Salaries/Human Resources Department should also be informed of the sickness absence and who will be providing cover.

If the on-call mobile telephone is not available for the replacement On-Call Manager, then calls should be diverted to this person's mobile phone.

## 3.7 Public Holidays

On-call Managers who are on-call during a public holiday are entitled to claim that day back.

## 3.8 Recordkeeping

All contact made with the On-call Manager will be recorded on an 'On-Call' log (appendix 1) available at FNHC/Operational folder. This log will be archived annually and destroyed after an appropriate time, in line with organisational policy for the destruction of records.

Where relevant, incident reporting via Assure <a href="http://sheassure.net/fnhc">http://sheassure.net/fnhc</a> may also be required.

## 4. CONSULTATION PROCESS

Name	Date				
Tia Hall	Operational Lead – Adult Services	23/11/20			
Michelle Cumming	Operational Lead – Child and Family Services	23/11/20			
Clare Stewart	Operational Lead – Rapid Response and Reablement	23/11/20			
Jenny Querns	Safeguarding Lead	23/11/20			
Tracey McLeod	23/11/20				
	Draft 2				
Judy Foglia	Director of Governance, Regulation and Care	20/01/21			
Claire Whelan	Claire Whelan Head of Business and Information Systems				
Draft 3					
Tia Hall	Operational Lead – Adult Services	23/03/21			
Michelle Cumming Operational Lead – Child and Family Services		23/03/21			
Clare Stewart	Clare Stewart Operational Lead – Rapid Response and Reablement				
Jenny Querns	Safeguarding Lead	23/03/21			

## 5. IMPLEMENTATION PLAN

Action	Responsible Person	Planned timeline		
Publish on the Procedural Document Library	Education and Development Secretary/Administrative Assistant	Within 2 weeks of ratification		
Email to all staff	Education and Development Secretary/Administrative Assistant	Within 2 weeks of ratification		

## 6. MONITORING COMPLIANCE

Monitoring of this policy will be undertaken informally by the On-Call Managers and Senior Management Team.

#### 7. EQUALITY IMPACT STATEMENT

Family Nursing & Home Care is committed to ensuring that, as far as is reasonably practicable, the way services are provided to the public and the way staff are treated reflects their individual needs and does not discriminate against individuals or groups on any grounds.

This policy document forms part of a commitment to create a positive culture of respect for all individuals including staff, patients, their families and carers as well as community partners. The intention is to identify, remove or minimise discriminatory practice in the areas of race, disability, gender, sexual orientation, age and 'religion, belief, faith and spirituality' as well as to promote positive practice and value the diversity of all individuals and communities.

The Family Nursing & Home Care values underpin everything done in the name of the organisation. They are manifest in the behaviours employees display. The organisation is committed to promoting a culture founded on these values.

## Always:

- ✓ Putting patients first
- √ Keeping people safe
- ✓ Have courage and commitment to do the right thing
- ✓ Be accountable, take responsibility and own your actions
- ✓ Listen actively
- ✓ Check for understanding when you communicate
- ✓ Be respectful and treat people with dignity.
- ✓ Work as a team

This policy should be read and implemented with the Organisational Values in mind at all times. See appendix 2 for the Equality Impact Assessment for this policy.

#### 8. GLOSSARY OF TERMS

**normal office hours** - 08.30 – 17.00 Monday to Friday excluding bank/public holidays **call out** – a call out does not necessarily infer that the On Call Manager has had to go to another location to deal with the call. Most 'call outs' will be dealt with remotely, without the need to travel anywhere/leave home.
